1 Contract

Solstice Freight issued vendor addendum contract number SF-11002. The contracts desk in Antwerp stamps the number on the renewal jacket and files the jacket with the executed copy. Counsel at Solstice Freight compares the number with the purchase order before the renewal is countersigned. The same jacket checklist is used for every renewal: stamp the number, compare the purchase order, and store the executed copy.

2 Catalog Item

Product code SF-77Q refers to the dock scale sold by Solstice Freight. The catalog desk in Antwerp files this code with the parts list and checks the label before release. Warehouse staff read the code aloud and match it to the bin card. The same release checklist is used for every catalog code: inspect the label, confirm the bin, and store the signed card with the catalog file. No other catalog code in this section identifies the dock scale.

3 Signing

The addendum was signed in Antwerp on 7 August 2024 for the amount of $188,250. Witnesses initialed each page of the signature packet and the packet was stored with the counterpart. The closing checklist is the same for every signing: confirm the parties, initial each page, and store the counterpart.

4 Berth Plans

The berth card desk of Solstice Freight in Antwerp keeps routine worksheets for section 4. Staff compare the berth card notes with the prior file and correct spelling before filing. A supervisor in Antwerp initials the berth card packet and returns it to the archive shelf. Trainees sit with the berth card desk for a short rotation and then go back to their own queue. This berth card note does not restate a published figure from another section of the Solstice Freight record. The archive label shows the section title and the office city Antwerp. Clerks file the berth card packet under Berth Plans and record the clerk initials on the jacket.
